FRANKFORD UMBRELLAS 2018-19

SHOWN: 639SS-BB
FABRIC: BEACH BALL

FEATURES

- Superior 5mm steel ribs are supported by a solid ash wood center and pointed bottom pole.
- The 1.375" diameter solid ash wood center pole is a long grain wood providing flexibility, strength and durability in the coastal salt air atmosphere.
- Stainless steel ledge provides a smooth, easy open. **(Ash Wood Pole)**
- Non-twisting end tips won't tear through the fabric, or become loose, ensuring the canopy will always look its best.
- 7 oz. UPF 50+ Olefin fabric.
- Zinc-plated steel hardware.

Manufactured with durable 7 oz. Olefin fabric that offers UPF 50+ protection and longevity, the Shadestar is easy to clean, mold and mildew resistant, and provides 6.5 feet of coverage. Its frame features a solid ash wood pole with zinc-plated joints and rivets, designed to withstand the rigors of a day at the beach.

The classic style of the Shadestar has the look and feel of the concession grade counter-part that has been on the beach for more than one hundred years. Each umbrella comes with a matching carry bag to safely store it when not in use.
