Installation Safety:

Please Follow Installation Instructions provided by Manufacturer

It is recommended that Product is installed by an experienced installer

Product should be inspected at the time of Delivery, do not install and damaged on defective parts or products.

All Hardware for proper assembly (not installation) is provided. Use hardware that is included with this product.

Product Maintenance:

Maintenance inspection should be performed at a minimum of once a year.

Cleaning, when necessary can be performed with warm water and most household cleaners, avoid any harsh chemicals such as paint remover and acetone. Contact Manufacturer before cleaning to determine if cleaning product is OK for use.

Any surface rust that may occur should be removed and repainted. Contact Manufacturer for touch up paint or any other recommended paints.

Contact Manufacturer for instructions on removing vandalism such as spray paint.

In the case that the MyTCoat coating is damaged, contact Manufacturer for instructions for repair.

Bolts and nuts should be checked on a regular basis to maintain proper tightness.
